Funeral of National Legion Commander One of Biggest Ever In Cincinnati

(By Associated Press)
Cincinnati, June 11—Every seat of the 4,000 in Music Hall was filled today long before the funeral service was held over the body of Col. Frederick W. Galbraith, Jr., killed in automobile accident in Indianapolis Wednesday night. Thousands heedless of rain filed past the bier after which a simple service was said. The funeral cortege was the greatest since the funeral of Gen. Joseph S. Hooker, of Civil War fame in the 70's. One of the most impressive of hundreds of tributes was a palm of French tricolor from the city of Chateau Thierry, France. On a card was inscribed "to one of our bravest liberators."

Moorestown, N. J., June 11—A particularly atrocious crime was revealed here today when authorities announced the finding of the body of Matilda Russo, 7, missing since Saturday. The body was found in the cellar of the home of Lewis Lively, 35, a negro, for whom the authorities are searching. The child's throat was cut and abdomen slashed. Authorities say the child was mistreated before being slain. The victim was a daughter of Michael Russo, a tailor. The community is aroused and precautions are being taken to guard Lively when found.

WHEAT PROSPECTS FALL OFF SOME

(By Associated Press)
Kentucky's wheat crop now promise 7,607,000 bushels compared to a prospect May 1, 1921, of 7,851,000 bushels, according to the June crop report issued today by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. The condition of the state's wheat crop dropped from 93 per cent May 1 to 87 on June 1. Last year the condition June 1 was 65 per cent and the final yield turned out 5,878,000 bushels which included the increased acreage.

Oats are doing fairly well in most counties, on a good average. The condition is 84 per cent normal and the acreage about of about 7,859,000 bushels produced last year from 350,000 acre which showed a condition of 9 per cent June 1, 1920.

Rye condition is 91 per cent normal. With about 38,000 acre in the state to be harvested to grain this indicates a production of about 484,000 bushels, compared to 480,000 bushels produced last year.

Barley acreage in Kentucky this year is about 10 per cent more than in 1920, due chiefly to decreased barley tobacco acreage. Most of the barley in Kentucky is grown in the central blue grass counties. Condition of barley is 94 per cent of normal, indicating a production of about 127,000 bushels, compared to 112,000 bushels last year.

Farmers in many counties report their meadows are late and very weedy, and much of the young clover was damaged by the late freezes. Condition of clover is 81 per cent with the acreage about 3 per cent more than in 1920, due chiefly to decreased tobacco acreage. Alfalfa condition is 86 per cent. The acreage is about 4 per cent more than in 1920. Pasture in most sections averages fair. Plowing, corn planting and tobacco setting still being done.

Tobacco—The first report on tobacco will be made early in July. The crop condition in Madison county is reported as wheat 80, oats 91, hay 87, pasture 88.

Apple prospects are very poor in most sections, the average being about 18 per cent of a crop. Peaches and pears are about 8 per cent of a crop. Truck crops are growing well now, but melons

45 HOME RUNS IN LEAGUES LAST WEEK

(By Associated Press)
Chicago, June 11—The "lively ball" was responsible for 45 home runs in the major leagues during the past week, according to figures released today and which include games of last Wednesday. The American league is credited with 32 of these, while National league batters bagged thirteen.

Babe Ruth, of the Yankees, the home run king, made one four-bag blow during the week and brought his total for the season to sixteen, 17 behind the total credited to his club, which is at the top of the list for home run honors in both circuits. The Yankees, near the top, have bagged 33 circuit drives. The Athletics, in last place, have 30 round trip blows to their credit.

The New York Giants top all the clubs in the National league and are tied with the Athletics at 30. Geo. Kelly, of the Giants, who for a time threatened to compete with the American league slugger for round trip tickets, fell by the wayside and has been passed by "Irish" Mendenhall, of the Phillies, who passed the slugging Giant by driving the ball into the bleachers in the first game of the Phillies and Cubs at Chicago. The blow gave him a total of ten home runs.

Leslie Mann, of the Cardinals, made the best showing of the week among the batters in the Heydler circuit. Mann boosted his mark from 320 to 362, a gain of 42 points, while Jacques Fournier, the Frenchman, on the same club, added 31 points to his average, bringing it up to 350. Rogers Hornsby, another St. Louis star, who has been holding down first place, took occasion to fatten up his average against the eastern clubs and brought his mark to 424. McHenry, another teammate, is the runnerup with 382, while Johnston, of Brooklyn, is third with 389.

Other leading batters who have participated in 25 or more games: Grimes, Chicago, 365; Mann, St. Louis, 362; Sullivan, Chicago, 354; Fournier, St. Louis, 350; Turney, Pittsburgh, 347; Maranville, Pittsburgh, 347; Meusel, Philadelphia, 345.

Tris Speaker, pilot of the world's champions, pulled away from Tyrus Cobb, the Detroit manager, for the runnerup honors among the batters of the American league. Spoke boosted his average from .405 at which he was tied with the Georgia peach a week ago, to .417, while the Detroit star, slumped seven points and dropped to third place with an average of .401. Harry Heilmann, the slugging outfielder of the Tigers, hammered on five more points to his batting average which has brought him up to .400. George Sisler, the St. Louis star, slumped slightly in his hitting, but retains fourth place with .398.

Other leading batters: Sever, St. Louis, .381; Williams, St.

REID RELEASED; GUARDED TO CLAY

Barbourville, Ky., June 11—Following his release on \$5,000 bond Friday, Barton S. Reid, alleged murder of Will Lee, left last night on a special Cumberland & Manchester train for his home in Clay county. A military escort of 24 soldiers accompanied him, to insure his safe arrival home.

The examining trial was held Friday and proceeded without incident. Reid was held to the grand jury which convenes August 15. Judge J. D. Tuggle, who conducted the examining trial, held it under military supervision. Squads of soldiers and deputy sheriffs were stationed around the building.

Reid was escorted from the jail to court by Major Dillon, who is in command of the militia, and a squad of soldiers. B. P. Walker, newly appointed sheriff of Knox county, had charge of the prisoner. John Lee, a brother of the dead man, was in court.

With Reid safely out of town and quiet prevailing, no further trouble is anticipated. It is reported the militiamen will be withdrawn probably tomorrow.

Walker was sworn in as sheriff today by Judge Tuggle and with his deputies augmented the force of militiamen and civilian guards on guard here.

Night Flying For Air Mail

(By Associated Press)
Cheyenne, Wyo., June 11—The probable establishment of night flying in the air mail service between Cheyenne and Chicago and Cheyenne and Omaha, July 1, was predicted here when Major E. C. Zoll, general superintendent of their mail, who was making an inspection tour of the landing fields between the two coasts visited Cheyenne. At present mail that arrives at either terminal at nightfall is carried by rail, during the hours of darkness and picked up again by plane the following day.

Major Zoll said he expected the new arrangement would result in the saving of 24 hours in time in the cross country flights.

President Harding denies that he plays golf on Sunday.

"Red" Russell continues to be the Babe Ruth of the American Association. Red has broken the tie he shared with Bunney Bief, of Knasas City, for home run honors. The Minneapolis club bagged four homers in the past week and Red made half of them bringing his string up to eleven, while Brief is trailing him with ten. Del Gainer, of Milwaukee, stole another base during the week and is showing the way to the base stealers with 13 thefts.

INVESTIGATION AT CONFEDERATE HOME

Col. N. B. Deatherage was in Pewee Valley, the other day to make investigation into charges of "careless and inefficient management" of the Confederate Home, made by the Rev. George W. Dow, rector of the Episcopal church, Pewee Valley; Miss Florence Barlow, Lexington, former bookkeeper at the home, and Mrs. H. J. Stone, president of a U. D. C. chapter, which is being conducted by State Inspector James, at the request of J. H. Leathers, of the Board of Trustees. Suspension or inmate without fair hearing, improper food for aged inmates in the infirmary; conditions in the infirmary and failure to furnish proper clothing are among the general charges.

Miss Barlow charges tyrannical treatment of old soldiers and mismanagement, and puts most of the blame on Commandant Daugherty.

APPELLATE COURT ACTS ON SHELBY SUIT

Frankfort, Ky., June 11—When General Isaac Shelby, hero of King's Mountain, and the first Governor of Kentucky, founded the estate of Arcadia, in Lincoln county, during the latter part of the seventeenth century, little did he know that this estate was to be the source of bitter litigation between two of his lineal descendants, Miss Mary P. Shelby and Miss Florence M. Shelby, sisters.

The feeling over the control of the estate, however, became so bitter the Appellate Court said Friday, reversing the Lincoln Circuit Court in the case of Shelby against Shelby, that it resulted in "unfortunate personal encounters."

Declaring that it was no longer safe to remain at "Arcadia" Miss Mary Shelby, 58 years old, left in January, 1918, but returned in July of that year, when she filed a suit for the partition of the estate. Miss Florence Shelby 43 years old then in possession of the estate, contended that her sister had forfeited her rights in the estate by abandoning it temporarily and that the estate could not be partitioned unless by consent of all of the heirs, 13 in number.

The Appellate Court brushed all of these contentions aside, however, and directed the lower court to appoint a commissioner to partition the estate, unless, in the meantime, the sisters can agree to a division. Under no circumstances, however, the Court said, shall the portions of the estate allotted to the sisters be rented.

MAJORITY FAVORS FINE NEW SCHOOL

After Hearing Speeches of Prominent Taxpayers At Home Warehouse

Fully 80 per cent of the large audience which heard speakers discuss the school bond issue, at the Home warehouse Friday night, arose at the close of the addresses and declared themselves in favor of the bond issue and the school board's plan for a magnificent new building for the children of Richmond.

The proposition was discussed from every angle by prominent taxpayers, among them T. S. Burman, Dr. R. L. Telford, John Noland, J. R. McKinney, Dr. Homer W. Carpenter and Rev. O. O. Green.

The new brass band gave a concert which was highly enjoyed by all. It was estimated that about 250 were in the crowd which heard the speakers.

GUARDS' FIRE DRIVES BOOZE BANDITS OFF

(By Associated Press)
Nicholasville, Ky., June 11—Twelve men attempted to raid the Old Lexington Club Distillery near here early today. Manager H. C. Pogue and four guards saw them alight from two automobiles and advance toward the distillery from a ravine, apparently to surprise guards. The latter opened fire on the men, some of whom were armed with rifles and they fled. Forty shots were exchanged, one of which lodged above the knee of Guard William Hays. The distillery warehouse held 1,200 gallons of whisky.

MCOWAN ANNOUNCES FOR CITY COUNCIL

Bigge McCowan, a well known business man and farmer of the East End of the city, today announces his candidacy for the democratic nomination for member of the City Council. Mr. McCowan lives on Francis street and is well known all over that section. He has many friends who say he is well qualified in every way to make a first rate councilman, and to look after the business of the city.

WHOLESALE TIRE ROBBERIES REPORTED

Tire thieves appear to have made a systematic raid in Richmond Friday night. Coleman Neff reports the loss of three tires and an extra wire wheel for his Ford sedan from his garage. A. B. Dedman on Walnut street reports the loss of a tire and its rim from his home. Mr. Neff says that he noticed parties driving off, one in a truck and the other driving a small runabout, and thinking to stop them he took a shot at them but without effect. The one driving the car looked like a colored man, he says. Others have reported similar losses, and Mr. Neff says that altogether about 16 tires seem to have been the loot secured by the marauders, who worked late at night, and seem to have covered up their tracks.

SWIFT PRODUCE REVIEW

Live hens are moving in normal quantities for this time of the year. The movement of springs is light, farmers evidently holding them until they become larger.

Eggs are moving in reduced quantities, and with a fair inquiry for export shipment there has been a further advance in the market. Few eggs are going to storage at present as the production is just about enough to take care of the consuming demand.

Butter values improved during the week, due to heavy consumption and the demand for June butter for storage. Indications are that the pastures will be good for some time, which should mean a good production of butterfat.

Tobacco Organization

Progressing Satisfactorily
(Editorial Lancaster Record)

The effort to procure co-operation in marketing among the growers of tobacco is being favorably received by the growers in all parts of the country. It should be no trouble to convince the grower that the present method of selling tobacco wholly deprives him of any opportunity for a voice in fixing the price. All the crop that is produced, whether it be large or small, is dumped upon the market in a few weeks time. This frequently results in embarrassing the purchaser, not only in acquiring sufficient money to handle the crop in so short a period, but makes it difficult in procuring and providing storage space for the crop and at the same time makes it very expensive on the purchaser in preparing the crop in so short a time for storage, such as redrying. Casual thought convinces everybody that the present auction system of disposing of tobacco should be changed because it does not give the producer a chance to get what his article is worth. Agreeing then, that the present system of selling should be changed, the grower is asked to consider the plan offered for the cooperative marketing of the tobacco.

We invite the tobacco growers who are readers of the Record to study the plan and to become interested in it. It is our opinion that all who give it a fair consideration will be favorably impressed. The growers are not the only interested parties in this movement, for both business and professional men are dependent largely for success upon the fortunes of the tobacco growers, wherever this industry has become a feature in the agricultural districts. The plan, as suggested, includes the holding of tobacco until the purchasers or manufacturers are in need of the raw material for consumption. Another feature is that the organization is not built upon the idea of any profit to anyone, except the grower, and only growers can become members of the organization. The grower will be paid for his crop upon delivery more than he would probably receive if there was no organization and the net sum realized by holding the product off the market and furnishing as the trade demands, it will be paid to the grower as each grade is finally disposed of. The growers of tobacco should avail themselves of every opportunity to hear the plan discussed until it is as fully understood over the tobacco growing districts of the country.

MORE MONEY FOR EX-SERVICE MEN

Major Stone Norman has received news from Washington that ex-service men who have kept up their war-risk insurance are about to receive dividends on this government insurance. He has issued the following statement about the matter for the benefit of the boys:

Dividend payments on permanent Government Life Insurance policies ranging from \$104 to \$750 on each thousand dollars for one and two year policy holders will be paid by the Bureau of War Risk Insurance, June 1921.

Many of these dividends are already due, but because of the immensity of the bookkeeping and actual work involved, the checks will not be ready for mailing until the first of June. There are 136,000 policy holders who will receive the one year dividends and 74,000 who will receive two year dividends.

(By Edgar T. Higgins)

Richmond fans were treated to a double-header in the Church League Friday to make up for several which have been postponed lately.

The Second Christians received their second straight defeat of the season by a score of 2 to 1, at the hands of the Catholics or a team playing as such. Only two members of team were Catholics and one of these only played in part of the game. The first game was called at 2 o'clock on Normal Field Friday in order to get in two games. This is the tightest game played, so far in the Church League. This defeat of the Second Christians and the win of the First Christians gives the latter a safe hold to the top round of the ladder.

Sam Reid, the Madison High star, pitched sterling ball for the victors. His strike out total reached eleven and he issued only two bases on balls. His control was exceptionally good, the first five balls thrown being strikes. In three innings he retired all men by the strike-out route.

Leon Elder led the Catholics in hitting with two connections in three times at bat.

The Second Christians tied the score in the fourth on C. Rogers' single, a stolen base, a passed ball and a hit by Fanning.

The Catholics won out in the seventh on Yahram's well placed bunt, a wild throw, an out at first and a passed ball. The score:

Second Game

After seeing contenders for first place go down in defeat, the First Christians sharpened their knives and won from the Baptists by a score of 11 to 10 in the second game. Although out hit, the First Christians made their hits count. Neither team's pitchers seemed to be effective, two being used by the Baptists and three by the First Christians. Billy Millard receives credit for winning the game, as he went into the box with the score against him and brought home the bacon.

Turley tied Hembree and A. Hanger for home-run honors with a circuit clout to the distant corner of left field.

This makes a total of two for each man. Turley also led his team in hitting with three safeties in four trips to the plate. In the Baptist team, Gentry, Brock and Hembree also got three hits in four times up. Brock contributed two lengthy triples to the thrill of the national pastime.

The Baptists led until the third and threatened to overcome the Christians' lead in the fifth and sixth but were held safe in

the seventh. Each team made four errors which is considered fairly well in this league.

Hard work has put the First Christians in the lead. Who is going to tumble these birds? The score:

Milburn LIGHT ELECTRIC

MANY little details, trifles in themselves, make up the sum total of motor car perfection in the Milburn Light Electric.

Its lightness, studied to the fraction of an ounce, gives the Milburn its quick response and reduced cost of operation.

The placement of its seats affords ample room for five, yet quickly cleared away for free entrance and exit, and when down, giving little stow away spaces convenient for bundles.

See this car, so beautiful, so easy to operate and economical to own.

WEAK; RUN-DOWN

Carolina Lady Got So She Could
Just Drag—"Cardui Built Me
Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became drabby—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag. I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good. Cardui built me up as no other tonic ever did. I used Cardui with one daughter who was puny, felt had and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes. At your druggist's. NO-142

Temperamental Huskies Easily Handled by Conway Tearle

Conway Tearle, who is starring in "Bucking the Tiger," the Selznick picture which comes to the local theatres next Monday, is a great dog lover and it is very

rarely that he appears in a picture which has not at least one dog in it.

In the coming production, Mr. Tearle drives one of the finest teams of malamutes to be found in Alaska, and worth several

thousand dollars.

These dogs are very temperamental and while they will maul over an incredible number of miles per day, and will draw a considerable load without complaint, they insist on kind treatment. Nagging will soon spoil the best dog in the team and as soon as he dog shows signs of temper his teammates follow suit promptly, and the result is that upon the slightest provocation the whole is a snarling mass.

HERE'S BAD NEWS FOR HUSBAND

(By Associated Press)

Seattle, Wash., June 11—Seal-skin coats—as many as can be made from about 30,000 skins—will be the objective this summer in the government's drive on the seal preserves on the Pribilof Islands, which lie in the Bering Sea, off Alaska.

Slaughter of the Pribilof seals will begin early in June and continue throughout the summer months according to announcement made here recently. Last year 28,000 seals were taken and this year it is hoped to get 30,000.

Recently the U. S. S. Saturn of the navy department's transport service, arrived here to load supplies for the annual summer campaign on the Islands. The Saturn is taking to the Pribilof eight expert furriers from a St. Louis firm which acts as the selling agent for the government.

Except for the months of the seal harvest, the Pribilofs are inhabited by natives only. The government for several years has been trying to improve living conditions for these inhabitants and this year is shipping north a complete modern water system.

MONTGOMERY GETS BUSY ON ROADS

(By Associated Press)

Mt. Sterling, Ky., June 11—Active preparation for starting of construction of good roads and bridges in Montgomery county is under way as the result of the passage last week of a \$250,000 county bond issue for this purpose. The first roads to receive attention will be the Winchester and Owingsville pikes.

The Winchester pike is to be constructed of some hard-surfaced material to the Clark county line and the Owingsville pike to the Bath county line. The Carmargo pike is to be similarly treated to the Menifee county line. While the county has voted \$250,000, it is expected that federal and state aid on the roads will bring the sum to be expended up to \$1,000,000.

"HOW CAN I GET WHAT I WANT?"

WELL, What do you want? Have you tried to get it? Does anybody besides yourself know that you want it? Do you know how to get it?

Listen to this

A green salesman was employed by a large piano house in a metropolitan city. The first week he sold more pianos than any other salesman on the staff.

On Saturday the manager called him into the private office, shut the door, and said:

"Young man, I want to ask you just one question—How do you do it?"

"That's easy," replied the young man. "Instead of calling on just a few 'prospects' scattered all over town, I assume that every one is a prospect and stop at every home."

THREE JUDGES MAY ANNOUNCE DECISION

In New York After Dempsey-Carpentier Bout If There Is No Knockout or Foul

(By Associated Press)

New York, June 11—The third bout for the world's heavyweight championship under no decision rules at a limited number of rounds will be under way when Jack Dempsey and Georges Carpentier square off in the Jersey City ring, July 2. The only previous title contests held under similar conditions, were the Willard-Moran 10 round battle at New York, March 25, 1916, and the Willard-Dempsey contest at Toledo, Ohio, July 4, 1919. The first bout went the limit, Willard gaining the popular verdict. At Toledo, Dempsey knocked out his ponderous opponent in the third round of the scheduled 12-round bout.

Modern ring history in the heavyweight division is considered to have begun when John L. Sullivan knocked out Paddy Ryan in nine rounds in Mississippi City, Miss., February 7, 1882. Including that contest and the one in which Marvin Hart defeated Jack Root to gain the title relinquished by Jim Jeffries, there have been 24 championship bouts. The longest was that in which John L. Sullivan knocked out Jake Kilrain in 75 rounds at Richmond, Va.; the shortest that in which Tom Burns stopped Bill Squires in one round at Colma, Cal., July 4, 1907.

By the average duration of these championship contests, which is a trifle under 15 rounds, Dempsey and Carpentier, scheduled for only 12 sessions, would seem likely to go the prescribed route. The length of the Sullivan-Kilrain duel, however, stretches this average and examination of the records shows that 11 of the 23 battles have stopped short of the 12-round mark, while the most recent championship fight, in New York last December, ended with the knockout of Bill Brennan by Dempsey in the

Persons who wager on an official result in the Jersey City bout can win or lose only in two events a knockout or a disqualification on a foul. To make possible a

clean-cut decision, it has been suggested that Promoter "Tex" Rickard appoint three judges who shall sit at the ringside and announce the verdict after returning to New York following the bout.

A list of the heavyweight championship bouts beginning with Sullivan's defeat of Ryan in 1882, is appended:

1882, February 7—John L. Sullivan knocked out Paddy Ryan in nine rounds at Mississippi City, Miss.
1889, July 8—John L. Sullivan knocked out Jake Kilrain in 75 rounds, at Richmond, Miss., in last championship bout with bare knuckles.
1892, September 7—James J. Corbett knocked out John L. Sullivan in 21 rounds with big gloves at New Orleans, La.
1894, January 25—James J. Corbett stopped Charley Mitchell in three rounds at Jacksonville, Fla.
1897, March 17—Bob Fitzsimmons stopped James J. Corbett in 14 rounds at Carson City, Nev.
1899, June 9—James J. Jeffries stopped Bob Fitzsimmons in 11 rounds at Coney Island.
1902, July 25—James J. Jeffries stopped Bob Fitzsimmons in eight rounds at San Francisco, Cal.
1902, August 14—James J. Jeffries knocked out James J. Corbett in ten rounds at San Francisco, Cal.
1904, August 26—James J. Jeffries knocked out Jack Monroe in two rounds at San Francisco, Cal.
1905—James J. Jeffries retired and handed title of Marvin Hart after the latter had stopped Jack Root in 12 rounds at Reno, Nev.
1906, February 23—Tommy Burns beat Marvin Hart in 20 rounds at Los Angeles, Cal.
1907, May 7—Tommy Burns beat Philadelphia Jack O'Brien in 20 rounds at Los Angeles, Cal.
1907, July 4—Tommy Burns stopped Bill Squires of Australia in one round at Colma, Cal.

Mrs. WAGNER of PALM BEACH

Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I was irregular and I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. After I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. MARY M. WAGNER, Box 759, West Palm Beach, Florida.
While no woman is entirely free from periodic suffering it does not seem to be the plan of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.

COAL QUESTION?

Do you realize that the market is stronger today than a month ago?
Do you know that today there is no car scarcity?
Do you know today only 30 per cent of the miners are working and only 25 per cent of the mines are open?
Everything to stop the movement of coal will be in evidence latter when wheat, cattle and balance of crops to move—Watch the price go up—

In these times YOU cannot afford to be forgotten

THERE never was a better time to advertise than right now. The buying power of any average family has increased since last year—everybody is earning more money.

Buying Liberty Bonds, War Savings Stamps, and paying war taxes is a stimulus and a benefit to honest business.

Advertising in America has been the call to action in recruiting and bond buying and Red Cross subscriptions.

Advertising stirs people into more rapid action.

You have seen the successes of advertising campaigns for government projects, you have seen the success of advertising in building up big businesses.

Are you using enough advertising to accomplish what you most desire to accomplish for *YOUR* business?

The best time to advertise is when prices are high. Are you waiting for a better time than NOW to advertise?

Eliminate advertising and you reduce buying to its barest bread and butter basis.

Advertising makes *buying*; without it you must *SELL*.

It's hard to think of a business or a commodity that isn't advertised nowadays.

The big idea is how to get the most returns for every advertising dollar spent.

The modern advertising expert is not a literary genius nor a spell-binding solicitor.

He is student.

He is busy investigating Mr. Average Consumer; his needs, his habits, his tastes and his ability to buy.

Consult with one of the recognized and accredited Advertising Agencies named below. Allow one of them to submit an outline of the service they are prepared to render. You may be assured that an invitation to call will be appreciated and that no obligation whatsoever will be incurred.
